1. What does the analysis tell you about your school's strengths?

Vass-Lakeview is an elementary school full of opportunities for students. The data analysis points out that despite our almost 55% free and reduced lunch, we are growing learners and are using multiple data sources to document this growth. Our data analysis indicates that we gained significantly in reading EOG proficiency in the Black (6.8%), Hispanic (14.2%), and White subgroups (10.6). In math EOG proficiency showed that we moved our Black subgroup from 31% to 41.&% proficient.

2. What does the analysis tell you about your school's gaps or opportunities for improvement?

There are significant areas for growth across the board. The data indicates a huge discrepancy for our students who are identified with disabilities. According to EOGs our school has significant achievement gaps between subgroups of white, black, LEP and SWD. The gap for our EC students increased this year as the Extend I test was removed and these students were required to take the regular EOG test. Additionally, our mClass data indicates that 62% of our K-2 students are deemed proficient on the TRC measurement.

3. What data is missing and how will you go about collecting this information for future use?

We are missing math data for K-2 students. As a school we are working towards better analysis of the quarterly assessment data. Additionally it is difficult to target interventions for ED students since we do not have access to this information.

4. Based upon the analysis conducted, what 3-4 top priorities emerge for the school? Cite relevant evidence from your analysis to support these priorities.

Vass-Lakeview is in need of a strategic method to close the achievement gap and strengthen our literacy and math skills K-5. All data provided above indicates a need to strategically strengthen the core instruction provided to all students and then specifically drill down to intervening with those students in subgroups of need. With the growing EC population and the increasing achievement gap, VLE is in need of a 4th full time EC Resource teacher. VLE is also in need of a strong writing program as there is researched based evidence that show a direct correlation between writing and reading comprehension, which is reflected in our TRC and EOG data.

Attendance at Title 1 Parental Involvement activities was an average of 178 parents per event (up from 153 the previous year)

**Annual Objective:**

Vass-Lakeview will increase the number of participants to an average of 225 parents at parent/family events as determined by comparing the 2014-2015 sign-in sheets to the 2015-2016 sign-in sheets.

**Mid Year Target:**

Review previous year's sign-in sheets in comparison to current year. Look for increased parent participation.

## Title I School-wide Compliance Review and Plan – Component 2 School Reform Strategies

A comprehensive school improvement plan must address all of the components defined in the Elementary and Secondary Education Act (Section 1114(b) of Title I). Each required component is described below, with an explanation of how each contributes to the creation of a successful school-wide program. The goals and strategies you've already developed may fulfill many of these requirements.

**School-wide reform strategies:** Instructional strategies and initiatives in the comprehensive plan must be based on scientifically based research, strengthen the core academic program, increase the quality and quantity of learning time, and address the learning needs of all students in the school.

The school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		Annual Obj 1	Annual Obj 2	Annual Obj 3	Annual Obj 4	Annual Obj 5

	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school is addressing the need for school-wide reform in the following ways, in addition to our focus on the priority goals listed in this plan: Vass-Lakeview teachers employ a wide variety of research based strategies in addition to those listed on the School Improvement plan. Specifically, we have increased the amount of non-fiction reading material in every classroom through the purchase of age-appropriate classroom magazines and website subscriptions. We are sending multiple staff members to a Behavior Intervention workshop in an effort to use research based strategies to intervene with our Tier 3 students who are in need of our most intensive services. All of our Teacher Assistants will have the opportunity to attend the NC Teacher Assistant Conference in Greensboro. Through this conference, our teacher assistants will be taught the latest research based strategies that they can implement effectively in their K-2 classrooms. Additionally, all teachers are intervening with students who are struggling, using only research based strategies that are specifically geared towards the individual student's areas of need.

### Component 3

**Instruction by highly qualified teachers:** High poverty, low-performing schools are sometimes staffed with disproportionately high numbers of teachers who are not highly qualified. To address this disproportionality, the ESEA requires that all teachers of core academic subjects and instructional paraprofessionals (employees of a LEA who provide instructional support) in a school-wide program school meet the qualifications required by section 1119. Student achievement increases in schools where teaching and learning have the highest priority, and students achieve at higher levels when taught by teachers who know their subject matter and are skilled in teaching it.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>

	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school is addressing the need for highly qualified teachers in the following ways, in addition to our focus on the priority goals listed in this plan:  
All K-5 and Specials teachers are Highly Qualified.

## Component 4

**High-quality and ongoing professional development:** Teachers and other staff in school-wide program schools must be equipped to face the challenge of helping all students meet the State’s academic achievement standards. To do this, they must be familiar with the goals and objectives of the school-wide plan, and receive the sustained, high-quality professional development required to implement them. The statute requires that professional development be extended, as appropriate, to those who partner with teachers to support student achievement, such as principals, paraprofessionals, and parents.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>

	<b>Strategy 4</b>	X			X	
	<b>Strategy 5</b>	X				
	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school provides high quality, on-going professional development in the following ways, in addition to our focus on the priority goals listed in this plan: The following professional development is offered to all certified staff throughout the 2013-2014 school year: Cooperative Structures and Strategies, I can statements, the 90 Minute Literacy Block, DPI Consultant Anne Evans mClass refresher, weekly data review in PLC, VLE Optional Book Club, When to make DSS Referrals, What is McKinney-Vinto?, CCSS 8 Mathematical Practices, The 6 Characteristics of Great Classrooms, PBIS refresher, NCPAPA Administrative Conference, Crucial Conversations through NCASA, NC Guidance Counselor State Conference, as well as Monthly Beginning Teacher Training.

## Component 5

**Strategies to attract highly qualified teachers to high-need schools:** Although recruiting and retaining highly qualified teachers is an on-going challenge in high poverty schools, low-performing students in these schools has a special need for excellent teachers. Therefore, the school-wide plan must describe the strategies it will use to attract and retain highly qualified teachers.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>
	<b>Strategy 1</b>					
	<b>Strategy 2</b>					
	<b>Strategy 3</b>					
	<b>Strategy 4</b>					
	<b>Strategy 5</b>					
	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school uses the following strategies to attract highly qualified teachers to our high-need schools, in addition to our focus on the priority goals listed in this plan:

Recruitment is done at the central office level with the final employment handled at the school level. At Vass-Lakeview we make every effort to higher only highly-qualified teachers. We currently have 100% of our certified staff with HQ status. There are incentives to working at VLE including a safe learning environment that is clean and well maintained. The NC Teacher Working Conditions Survey is utilized to gather data to maintain a positive working climate. Vass-Lakeview Elementary School provides additional incentive that include but are not limited to; daily common planning time, a weekly PLC meeting, assistance from an Instructional Coach, mentor support, quarterly meetings for beginning teachers, professional development opportunities, staff appreciation rewards and an active Student Support Team. Teachers in this building have a SmartBoard, laptop and iPad. Every classroom is also equipped with a pod of 5 other devices (laptops, netbooks, ipads, etc.) Currently our class sizes are low, typically around 20 students per classroom. Additionally Vass-Lakeview maintains a daycare and preschool setting for children of teacher's children.

## Component 6

**Strategies to increase parental involvement:** Research continues to demonstrate that successful schools have significant and sustained levels of parental involvement. Therefore, it is important that school-wide plans contain strategies to involve parents in the school community. Additionally, state law requires parent representation on every school’s improvement team, and federal requirements specify that each school must develop: 1) an approach for communication with parents, 2) activities to involve parents, and 3) an approach for training parents to better understand how to help their children excel in school.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>
	<b>Strategy 1</b>		X			
	<b>Strategy 2</b>		X			
	<b>Strategy 3</b>		X			
	<b>Strategy 4</b>		X			
	<b>Strategy 5</b>		X			
	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school uses the following strategies to increase parental involvement, in addition to our focus on the priority goals listed in this plan. Vass-Lakeview uses the required Title 1 funds designated for parental involvement activities. Monthly events have been scheduled that will invite parents into our building for multiple purposes from musical performances to family events to curriculum nights. The school's webpage is regularly updated with pertinent information and upcoming events. The 2nd Annual Objective of our School Improvement Plan answers our detailed efforts to double our parent participation in the 2013-2014 school year. We have planned a Curriculum Night, Fall Festival, Treasure Hunt Reading Night, Veteran's Day Assembly, Valentine's Day Assembly, Parents and Pizza Reading, Reading on the Lawn, a Bullying Prevention Presentation as well as every 6 weeks awards assemblies. VLE has an active PTA that supports the School and it's school improvement goals. There are multiple parent representatives on the SIT. Additionally we have drafted and shared a new Parental Involvement Policy. This policy was shared at our November PTA meeting/student performance.

## Component 7

**Plans for assisting preschool students in the successful transition from early childhood programs to local elementary school-wide programs:** This component emphasizes the value of creating a coherent and seamless educational program for at-risk students. Early childhood programs, including Early Reading First and others, provide a foundation for later academic success, and effective school-wide programs capitalize on the strong start.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>
	<b>Strategy 1</b>					
	<b>Strategy 2</b>					
	<b>Strategy 3</b>					
	<b>Strategy 4</b>					
	<b>Strategy 5</b>					
	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school uses the following pre-school-to-elementary transition strategies, in addition to our focus on the priority goals listed in this plan: Vass-Lakeview Elementary holds a Kindergarten registration and an informational session for all parents. Preschool parents are invited to attend Kindergarten Curriculum Night and preschoolers visit kindergarten classrooms each spring. Preschool teachers collaborate with Kindergarten teachers to ensure vertical alignment. EC teachers meet with staff from the Sandhills Children's Center to facilitate the transition to public school.

Additionally, our 5th graders visit Crain's Creek Middle School to prepare themselves for their transition to middle school.

When a new student enrolls in VLE, our teachers know to train that student on the PBIS matrix of expectations. The matrix clearly explains the expected behavior for every area of our building. This explicit teaching of expectations helps students transition into our school community with ease.

## Component 8

**Measures to include teachers in decisions regarding the use of academic assessments:** In addition to State assessment results, teachers need current and ongoing assessment data that describe student achievement. These data often come from less formal assessments, such as observation, performance assessments, or end-of-course tests. The school-wide program should provide teachers with professional development that increases their understanding of the appropriate uses of multiple assessment measures and how to use assessment results to improve instruction.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>
	<b>Strategy 1</b>	X			X	
	<b>Strategy 2</b>	X		X	X	
	<b>Strategy 3</b>					
	<b>Strategy 4</b>	X				
	<b>Strategy 5</b>	X				
	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school uses the following strategies for developing teacher skills in formative assessment, in addition to our focus on the priority goals listed in this plan: Teachers at Vass-Lakeview utilize formative and summative assessment data such as mClass data, benchmark assessments, classroom assessments and observations to drive instructional decision making. PLCs work collaboratively to design instruction that is differentiated according to student need and has clear learning targets. Teachers utilize a data wall to display and monitor students' progress on a weekly basis. Additionally, the Instructional Coach meets with teachers on a weekly basis to review the grade level's data and their progress towards intended outcomes.

## Component 9

**Activities to ensure that students who experience difficulty attaining proficiency receive effective and timely additional assistance:** The school-wide program school must identify students who need additional learning time to meet standards and provide them with timely, additional assistance that is tailored to their needs. This assistance must be available to all students in the schools who need it.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>
	<b>Strategy 1</b>	X		X		
	<b>Strategy 2</b>	X		X	X	
	<b>Strategy 3</b>	X			X	
	<b>Strategy 4</b>	X				
	<b>Strategy 5</b>	X				
	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school uses the following differentiation strategies, in addition to our focus on the priority goals listed in this plan:

Teachers use mClass data to differentiate literacy instruction. Interventions and progress monitoring are utilized to monitor student learning and instructional focus. Specific activities include services through Reading Interventionists, Leveled Literacy Intervention, Reading Mastery, Student Support Team interventions, Personalized Education Plans, and Individualized support through teacher assistants and other support staff. Additionally, we have implemented an intervention block in the computer lab from 7:05-7:30 each day. This lab time allows students to receive computerized interventions prior to the official start to the school day. Parents are a part of this process as they are notified on a regular basis of their student's progress or failure to achieve. Teachers are documenting the progress of students using progress monitoring data and the new NC Read to Achieve Parent Notification documents.

**Component 10**

**Coordination and integration of Federal, State, and local services and programs:** School-wide program schools are expected to use the flexibility available to them to integrate services and programs with the aim of upgrading the entire educational program and helping all students reach proficient and advanced levels of achievement. In addition to coordinating and integrating services, school-wide program schools may combine most Federal, State and local funds to provide those services. Exercising this option maximizes the impact of the resources available to carry out the school-wide program.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>
	<b>Strategy 1</b>					
	<b>Strategy 2</b>					
	<b>Strategy 3</b>					
	<b>Strategy 4</b>					
	<b>Strategy 5</b>					
	<b>Strategy 6</b>					
	<b>Strategy 7</b>					
	<b>Strategy 8</b>					

Our school uses the following strategies to coordinate and integrate federal, state, and local services and programs, in addition to our focus on the priority goals listed in this plan:

Vass-Lakeview Elementary utilizes various funds (state, local, and federal) to support quality instructional programs. Funds are used to support focused intervention for those students who are at risk in reading, math, and science. Supplemental instructional tools are provided with Title 1 funds. See finance records/proposals for further details.

**Targeted Assisted Schools Only**

**Plans must support and coordinate with regular education programs:** Effective targeted assistance programs capitalize on strong support and coordination with regular education programs. This component emphasizes the value of creating a coherent and seamless educational program for at-risk students. This may include transitioning students from early childhood programs such as Early Reading First and others to provide a foundation for later academic success.

This school improvement plan addresses this requirement. Please see the priority goals and strategies noted to the right:		<b>Annual Obj 1</b>	<b>Annual Obj 2</b>	<b>Annual Obj 3</b>	<b>Annual Obj 4</b>	<b>Annual Obj 5</b>

1. Attach school's parent involvement policy with documentation of parent input and how distributed.

6. Schools must have a process in place to address this component. (c)(5) if the schoolwide program plan under section 1114(b)(2) is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the local educational agency.

7. School-parent compact: Sec. 1118(d)(1)(1)(A-c) SHARED RESPONSIBILITIES FOR HIGH STUDENT ACADEMIC ACHIEVEMENT-As a component of the school-level parental involvement policy developed under subsection (b), each school served under this part shall jointly develop with parents for all children served under the par a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the Stat's high standards. Such compact shall –
- (1) describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under this part to meet the State's student academic achievement standards, and ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive extracurricular time; and
  - (2) address the importance of communication between teachers and parents on an ongoing basis through, at a minimum –
    - (A) parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement;
    - (B) frequent reports to parents on their children's progress; and
    - (C) reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities.
11. As appropriate: Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, and public preschool and other programs
